Students learn a variety of acrobatic techniques such as: cartwheels, handstands, tumbling, flipping, trampolining and partner work.  
Students welcome from 5 years of age.

### CLASSICAL BALLET

Classical is a traditional, formal style of ballet known for its aesthetics and strict, rigorous technique (such as pointe work, turn-out of the legs, and high extensions), and graceful, flowing, and precise movements. Classes follow the CSTD syllabus and begin at Pre Ballet and work through Primary, Grades 1-6 and Majors.  
Students sit regular exams. Students welcome from 5 yrs.

### CONTEMPORARY

Contemporary dance is the exploration of the total movement potential of the body. It is not bound by set standards as defined styles such as ballet or Jazz dance. Classes follow the Jason Winter's CSTD syllabus and begin with a Foundation Grade and continue through the grades. Classical Ballet is a useful prerequisite.  
S.H.A.K.E. students sit yearly exams. Students welcome from 10 yrs.

### JAZZ

The Term "Jazz" encompasses a number of dance styles, but generally refers to movements performed to popular music, At S.H.A.K.E. the open jazz classes vary in style from funk to cabaret and hip hop to lyrical. We learn basics like kicks, jumps and turns. We have classes for all ages and have had an ongoing Adult class for the past 15 years. A great way to keep fit and have fun!  
Students welcome from 3 years of age (to 60 years).

### MODERN JAZZ

Modern Jazz is basically the same as Jazz but follows a set syllabus designed by the CSTD. Students begin at the Pre Modern Levels and work through to Grades 1 -8 and then onto Diploma. S.H.A.K.E. students sit yearly exams. Students welcome from 5 yrs.

BRAND NEW to S.H.A.K.E! These classes incorporate singing, dancing and acting to create a true triple threat in the industry. Students begin at the Pre Level and continue through the grades. Students sit regular exams. Students welcome from 5 yrs.

### TAP

Tap dance is a form of dance characterized by using the sound of one's tap shoes hitting the floor as a percussive instrument. As such, it is also commonly considered to be a form of music.  
At S.H.A.K.E. the classes follow the CSTD syllabus but also incorporate an open element. It is not compulsory for the students to sit exams, but exam work is taught in the classes.  
Students welcome from 5 years of age.
